

Accounting/Finance

Large Fortune companies are constantly seeking Accounting Professionals with Big 4, regional or local public accounting experience.

According to the Department of Labor, Accounting/Finance professionals will see an increase in the number of positions available in the job market. This percentage increase is above the average and expected to grow until 2014. This is a great indicator on how competitive this industry is and why companies are willing to pay higher salaries to find individuals with the right experience and credentials.

We are always recruiting motivated and career minded Accounting/Finance professionals; either active or passive job seekers who want to succeed. Our recruiters have experience with providing career advisement, resume critiquing, interviewing tips and exit strategies. We can be your eyes and ears within the job market and inform you of opportunities in line with your career goals.

We currently work with Fortune 500 companies and medium to small sized businesses. We have a successful track record of placing individuals from entry level accountants to senior managers. Our Accounting / Finance recruitment expertise includes the following, but is not limited to:
