

Construction/Real Estate

Construction and Real Estate are two industries which are dynamic and fast paced. Companies gain strength by getting awarded projects and winning bids or investment opportunities. Having a strong internal team is key to success in these industries. Both industries are continually faced with the challenge of recruiting top professionals. With the right experience, background, degrees and/or certifications, career progression within these industries can be fast and explosive.

We are always interested in meeting top professionals in the Construction or Real Estate industry. Whether you are an active or passive job seeker we want to meet with you to understand your career goals. Our recruiters can help with providing career advisement, resume critiquing, interviewing tips and exit strategies. We can be your eyes and ears within the job market and let you know when an opportunity arises in line with your career goals.

We work with residential and commercial, both public and private companies. We have a successful track record of placing key professionals with top firms. Our Construction and Real Estate recruitment expertise includes the following, but is not limited to:

Areas of Expertise
