

# Engineering

Engineering is a competitive industry where certain combinations of experience, degrees and certifications/licenses are key to a successful career.

Schedule a meeting with one of our recruiters to learn how to increase your marketability and get informed of career advancing opportunities.

We work with Engineering Professionals in the following industries or disciplines: Aerospace/Aviation, Civil, Structural, Mechanical, and IT. Our clients range from small private firms to large public companies.

---

Our recruiters are always interested in meeting Engineering Professionals who are active or passive job seekers interested in career advancement opportunities. We can help with career advisement, resume critiquing, interviewing tips and exit strategies. We can be your eyes and ears within the job market and let you know when an opportunity arises in line with your career goals.

---

We work with companies in the following industries: Aerospace/Aviation, Civil, Structural, Manufacturing, Mechanical, Medical Equipment Suppliers, and IT. We have a successful track record of placing rising stars and seasoned professionals with top employers in the state of Texas. Our Engineering recruitment expertise includes the following, but is not limited to:

## Areas of Expertise

Director of Engineering

C Level Executives

R&D

Six-Sigma

Program Managers

IT/Computer

Aviation/Aerospace

Supply Chain & Logistics

Plant

Process

Project Management

Civil

Electrical

Mechanical

Chemical

Industrial

Structure/Stress
